

ARB Application Requirements

All files that are uploaded must be labeled correctly to be approved:

Example:

- Pavers1.jpg
- Pavers2.jpg
- HomeSurvey.pdf
- LandscapingLayout.doc
- NeighborHomeLeft.jpg
- NeighborHomeRight.jpg

Fence

- Home Survey – showing placement/layout
- Vendor Sales Order Form – Showing specs (height, distance, colors)
- Pictures of materials being used – Photos must be in color

Solar Panels

- Picture of Panels to be installed
- Location of Panel Box on Home
- Layout and location on home where panels will be installed

Roof

- Pictures of shingles being used – must be in color
- Picture of shingle sample up against the house so we can ensure color matches exterior of home

Painting Ext

- Pre-approved colors only
- Pictures of homes on each side of owner's home to show colors of neighbors

Landscaping

- **Home Survey** -- showing placement/layout
- Pictures of materials being used – must be in color
- Pictures of existing front yard
- Drawings of landscaping plans

Tree Removal/Replacement

- **Home Survey** – Drawing of where the trees are being removed/replaced
- Pictures of existing front yard
- Picture of type of tree to be planted

Driveway Extensions

- **Home Survey** – Drawing of extension
- Pictures of materials being used
- Picture of existing driveway

Pool

- **Home Survey** – Drawing of where pool will be placed
- Pictures of all materials being used (pavers, screen enclosure, etc.)
- 2D/3D renderings of pool design

A/C and Water Softener covers

- **Home Survey** – Showing location of where cover will be placed, must be 15 ft from front corner of house
- Pre-approved fence will be automatically approved
- All other types of fences will require photos of materials being used.

*** Rule of thumb, if you need move dirt and use a shovel, you need to include Home Survey showing placement/layout of change.
